If I don't have a computer, where can I log on?

You can access Illinois workNet any place there is a computer with Internet access such as community-based organizations, libraries, and employment service resource rooms.

**JACK LAVIN,
DIRECTOR OF ILLINOIS
DEPARTMENT OF COMMERCE AND
ECONOMIC OPPORTUNITY**

"Illinois workNet was designed with the understanding that a business' greatest asset is a skilled and able workforce.

The Illinois Department of Commerce and Economic Opportunity, the State of Illinois and affiliates developed Illinois workNet so that everyone in the state has access to quality career, education and work-support service information. A stronger workforce makes for a stronger economy, and that benefits all Illinoisans."

Individuals

- Plan for your career and job search
- Learn about careers
- Find a job
- Improve your education
- Connect to work support services
- Get help from career specialists

**Illinois
workNet™**

Works for you!

Illinois workNet™ is a free, online resource that provides career, education and work support information for all Illinois residents and businesses.

In tandem with Illinois workNet, a Career Resource Specialist online course has been designed as a component of a plan to improve access to state and local workforce services across Illinois. By developing a cadre of trained Career Resource Specialists across the state adept at using technology and by making access to workforce information and services easier to find and use through Illinois workNet, www.illinoisworknet.com, workforce services are enhanced and more beneficial to all Illinois citizens.

Illinois workNet is currently available in these counties as of August 2006:
